

SKILLS TRANSCRIPT

Name: WONG ZHENG HAO MARCUS
Student ID: 2304960D
Course: Diploma in Computer Engineering

The skills transcript highlights key skills developed during the student's academic & non-academic journey, mapped to the nine Temasek Polytechnic Student Profile (TSP) attributes: Digitally Fluent, Innovative & Entrepreneurial, Critical Thinking, Inquisitive, Resilient, Growth Oriented, Empathy, Integrity, and Communicates Effectively. The TSP nurtures lifelong learners, future-oriented creators and values centred leaders.

Graduate Overview

WONG ZHENG HAO MARCUS attained a Diploma in Computer Engineering. His academic focus included core skills in Artificial Intelligence Applications and Internet of Things Application, with supplementary skills in IoT Security.

He completed an overseas internship at the Fukuoka Institute of Technology, where he enhanced the Robot Compost System and presented the project at both the Osaka Expo 2025 and FIT seminars. He contributed to a project with the Singapore Police Force (Bedok Division) on an AI-based anti-theft deterrence system for self-checkout kiosks. He engaged in a STEM coding service-learning project at Fernvale Gardens School. He earned the Sports Team Excellence Award 2025, the Full Colours Award 2025, and the CCA Merit Award (Sports) 2025. He attained Overall Champion at the POL-ITE Taekwondo Championship 2025/26 and the NTU Taekwondo Open Championships, and was the Senior Red Belt at the National Kyorugi Championships 2025. He participated in various enrichment events and served as a supporter and performer at school functions.

His participation across diverse technical, service, and sporting activities reflected responsibility, adaptability, and teamwork. Through these engagements, he demonstrated initiative and reliability in both academic and co-curricular contexts.

Academic Engagement

Core Skill Sets

- Artificial Intelligence Applications
- Internet of Things Application
- Full Stack Development
- Embedded Systems Programming
- Data Analytics and Visualisation

Supplementary Skill Sets

- IoT Security
- Networking
- Cyber Risk Management

**Supplementary Skillsets are selected by the graduate from Temasek Polytechnic's pre-approved list*

Edusave Good Progress Award
(GPA)

2025

Involvement	Category
POL-ITE Taekwondo Championship 2025/26 Taekwondo, Overall Champion (2025)	Achievement
ENG OSIP Roadshow 2025 OCT Supporter (2025)	Service
TWIST EntreConference 2024: Shenzhen Participant (2024)	Enrichment
NTU Taekwondo Open Championships Taekwondo, Overall Champion (2025)	Achievement
National Kyorugi Championships 2025 Taekwondo, Senior Red Belt (2025)	Achievement
POL-ITE Taekwondo Championship 2024/25 Taekwondo, Overall Champion (2024)	Achievement
POL-ITE Taekwondo Championship 2024/25 Taekwondo, Kyorugi Team (2024)	Achievement
TP Open House 2025 - Student Volunteer (Day 1) Performer (2024)	Service
ENG TECH SHOW 2025 - by Student Ambassadors Participant (2024)	Enrichment
IES-TP: ENG Scholarship Fair 2024 Participant (2024)	Enrichment

Transcript Skills Profile Legend: Innovative & Entrepreneurial Digitally Fluent Inquisitive Resilient Empathy
 Communicates Effectively Critical Thinking Growth-Oriented Integrity

Internships

Fukuoka Institute of Technology - Intern (Apr 2025 - Aug 2025)

The student completed an overseas internship where he enhanced the Robot Compost System by developing a React TypeScript control panel and integrating compost phase logic. He presented the project at Osaka Expo 2025 and FIT seminars.

Projects

Singapore Police Force (Bedok Division) - Anti-theft Deterrence System (Oct 2025 - Mar 2026)

This project develops an AI-based anti-theft system for self-checkout kiosks. Using a camera and controller, the system detects and verifies items during checkout. Students gain hands-on experience in training AI models, computer vision, and object detection techniques.

Service-Learning Projects

Fernvale Gardens School - STEM coding program (Aug 2024 - Aug 2024)

To expose SEN students from the Fernvale Gardens (MINDS) school to the digital world.

Inquisitive

Be curious, explore, question, and seek knowledge across disciplines

Communicates Effectively

Express ideas clearly and engage meaningfully with others

Innovative & Entrepreneurial

Create new ideas, take initiatives, take calculated risks, and embrace opportunities
